ADDITIONAL INFORMATION

Start as soon as possible.

Do you demand the best from your professional career? Are you inspired by excellence? At SAP, you will have the power to make a real impact. As the global market leader for business software, SAP helps companies and organizations in more than 25 industries to run better.

PURPOSE AND OBJECTIVES

SAP Research is the global technology research and innovation unit of SAP. By exploring emerging IT trends, the group drives applied research and the incubation of promising projects while focusing on the business impact and contribution to SAP's product portfolio. SAP's global research network is comprised of 19 research locations worldwide and involves more than 800 partners from industry, academia, and governments as well as SAP customers.

SAP Research Communications is responsible for the SAP-internal and external representation of SAP Research. In providing the stakeholders of SAP Research with the appropriate information, the team manages a wide variety of internal and external communication channels, collaboration tools, marketing material and events, and is closely aligned with SAP Global Communications.

EXPECTATIONS AND TASKS

- Write English/German articles for internal/external portals, websites, wikis, blogs, and other media channels like e.g. the Research Magazine
- Assist the planning and organizing of events and conferences
- Help with the creation and translation (English/German and vice versa) of marketing/information materials
- Support the administration of internal and external portals, websites, wikis, and blogs

EDUCATION AND QUALIFICATIONS / SKILLS AND COMPETENCIES

- Student (f/m) at a university or university of applied sciences
- Preferred fields of study: Business Administration, Social Sciences, Linguistics, Journalism or a related subject with a very good academic record
- Solid IT skills (Microsoft Office)
- Experiences with HTML and Content Management Systems are helpful
- Very good level of English and German (written and spoken)
- Ability to complete tasks in an accurate and timely manner
- Ability to present complex topics in a concise and appealing way
- Ability to work on his/her own initiative
- Strong communication skills and ability to work analytically and methodically

WORK EXPERIENCE

Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please describe as well your experience and skills in foreign languages and computer programs/programming languages.

! PLEASE APPLY ONLINE ON WWW.CAREERSATSAP.COM !

SAP'S DIVERSITY COMMITMENT

To harness the power of innovation, SAP invests in the development of its diverse employees.

Intern/Working Student (f/m): SAP Research Communications

We aspire to leverage the qualities and appreciate the unique competencies that each person brings to the company.
